Mothers Day Gift of Health - A \$112 Gift of Health to all Mom's

You know how the stewardess always says, *"in case of emergency, put YOUR oxygen mask on first before assisting others."* That's because you can't help your children or others in need...if you can't breathe!

The same rule applies **to your everyday life**...the stronger, healthier and happier YOU are, the more you can help the ones you love.

So, with **Mother's Day** coming up, please accept our gift of health, strength, happiness...**and your new, best body ever**. Just call 214-602-8287 or visit the website below to claim your 2 Weeks of fat-melting, fun fitness boot camp for ZERO Dollars with no strings attached. Plus you get a 14-day metabolism accelerating, no-diet meal plan! It's a total value of \$112.50 for FREE - and we're right down the street from you! But we can only accept the first 23 moms to reply, so please hurry.

And there's no obligation, no commitment, contract or strings attached. Period. This is our gift to you...and we know you'll love it (and probably stay on with us like everyone else does)
